Градскій глава, потомств. почетн. гражд. Варт. Богд. *Аршакуни.*

Suppose that the two hypotheses are equally likely, that is, $P(H_1) = P(H_2) = 1/2$. Then the Bayes' decision rule is to choose H_1 if $L_1(x) > L_2(x)$ and H_2 otherwise. This is the maximum likelihood decision rule.

David Speranza, Director, Big 50, American Music Association
