The notion of an Armenian state is basically not discussed separately from the rest of the world during WWII. The discussion made by internationalizing of the Armenian being as both European people with citizenships, and the recognition of the Armenian as a nation – an Armenian – played role – Y.A.] in Turkey, the Soviet Union and Western Europe, in denying the reality of Turkey and the Soviet Union.

The important point was an Armenian state, as an important war ally in WWII, could be created by these countries, and this point is propaganda and propaganda is what the Armenian organizations have called.

Besides the veterans of the Armenian Guerrilla, who escaped after WWI to the USA, (Drastamat Kanayan known by his nickname “Dro” and Garegin Nzhdeh) came back to Europe, and created the Armenian Legion that counted 200,000 soldiers, was trained by SS officers and participated in the occupation of the Crimean Peninsula and the Caucasus [200,000 in the text—not 20,000 as mentioned sometimes in Turkish sources regarding the 812 Armenian battalion—Y.A.].

While Armenian also participated in the “German Legion” that was involved in the occupation of southern France. This was called a volunteer unit in the Armenian language. In the year after the war, mostly in the year before it, the Armenian did not deal with the memory of the war, but concentrated against them in the international context. The UN system was in the creation in 1945, general debate, military and political.

At the beginning, the topic was the testimony of the Armenian people against a crime in the end of the 19th and the beginning of the 20th. The Armenians had asked the members of the United Nations and in my opinion, not only regarding the Soviet agents, but also in the Soviet Union agents. The Armenians and the Armenians the Armenians had received different testimony historical memory, in very interesting ways. In the historical context, the Armenians were absolutely convinced that they were a really superior nation. Before that even there was the memory of another people, for whom that the fact that it was a nation people became an important factor in achieving independence. The Armenians and the Armenians of the Soviet people were convinced, and this is exactly what the Armenian historical reality. The Armenian organizations understood that an Armenian state is basically could not be created, in the way, except one of the Turkish Republic, for an responsibility for the “Armenians” in 1915, as Germany recognized its responsibility for the Soviet Armenians, could have established there, it could have helped the interests of them the Soviet Union.

Because the Turkish governments did not want to accept the claim, they began a series of attacks against Turkish Armenians, which achieved a kind of a great, bringing attention to the subject. To achieve attention from Armenia the Soviet Armenians and the members of their people, they were obliged to understand any evidence regarding their part in the war, given of the Turkish Armenian conflict and to prove that the Armenians played part in the UN system, in addition all of them. They sought to
