There is a growing consensus that the world is becoming more global and more interconnected. This is a result of the rapid growth of the world economy and the increasing integration of the world's financial markets. The world is becoming a global village, and this is a good thing. It allows us to share ideas, knowledge, and resources more easily than ever before. It also allows us to work together to solve the world's problems. The world is becoming a better place, and this is a good thing.

Proteinase was extracted according to the method of Kunitz (1955) and purified by dialysis and ion exchange chromatography.
